## Joint Health Management Board

### IMPORTANT INFORMATION ABOUT YOUR HEALTH PLAN

January 2009

TO: Participants (eligible active employees, retirees and dependents) of the Fresno Unified School District Employee Health Care Plan  
FROM: The Joint Health Management Board (JHMB)  
SUBJECT: Effective February 1, 2009 – Change in Chiropractic Services to ChiroMetrics

The Joint Health Management Board (JHMB) has embarked on a program to improve the tools and services available to the participants of the Health Plan. After competitive bidding and much review, the JHMB has selected a new provider of Chiropractic services and coverage. We expect and are working hard to make sure there is no disruption of services to the participants using this program.

- No one currently in Chiropractic treatment will have a disruption of care. Treatment will continue!
- The level of benefits does not change. The Plan design remains unchanged.
- You will be receiving additional information on the program.

ChiroMetrics is an established, Fresno-based company that offers a network of more than 100 local chiropractors. A directory of participating chiropractors is attached and may also be found on the Website [www.fusdchiro.com](http://www.fusdchiro.com). You may self-refer to any of the chiropractors on the provider network. Please keep in mind that treatment for minors, massage therapy and treatment involving more than 12 visits requires your treating chiropractor to request approval from ChiroMetrics. ChiroMetrics contact information is listed below:

ChiroMetrics  
(559) 447-3375

Please read your Plan Document carefully for specific information regarding your benefit, copayments, exclusions and any other services. ChiroMetrics is committed to providing Fresno Unified School District members with quality care and excellent customer service. ChiroMetrics encourages you to contact them with any questions regarding your chiropractic benefit.
