FTA Office  
559-224-8430

Minimal progress was made during our bargaining session today:

### Wages

- Neither party made a change...the district is still at 5% ongoing and 2% one-time/off the salary schedule and FTA is still at 7.5% ongoing and a 2% one-time/off the salary schedule. The district meets with School Board Trustees on Wednesday--we'll know at our next bargaining session if the Trustees directed the district to counter with something better than 5%.  
**The district is due to present a counter during our next bargaining session that we are working to schedule.**

### Additional Service Assignments

- The summer school rate remains at per diem. For other Supplemental Compensation, FTA moved from \$48 per hour to \$42 per hour. **The district is due to present a counter during our next bargaining session.**

### Early Learning Salary Schedules

- FTA and the district agreed that salary schedules for CDC & PACE early childhood teachers' will be consolidated with the Pre-K teacher's salary schedule. This is huge win for our CDC and PACE teachers. Please see attached schedule.

Other items remain the same as previously reported. We will send an update after the conclusion of our next bargaining session.
