I AM WILLING TO STAND WITH STUDENTS

FRESNO TEACHERS ASSOCIATION

We, the undersigned staff of _____ support our bargaining team's efforts to advocate for the public education our students deserve. We know that FUSD has received $123 million more dollars this year alone, and is expected to get more in future years. I/we support lowering class sizes, hiring more social-emotional professionals to support our students, and improving safety by hiring campus safety assistants at each school. I/we also support Career Technical Education programs (CTEs) to advance the education of our students. Furthermore, FUSD should also provide wages and benefits that help us recruit and retain the most talented educators.
